

CURRICULUM VITAE

Name: Junior Sweki

Email: juniorsweki@gmail.com

Phone: +255 763 148 532

Personal Profile

A motivated and curious cybersecurity student with a solid academic foundation and hands-on cybersecurity undergraduate with practical experience in network monitoring, threat analysis, and digital protection. Passionate about applying security tools to real-world challenges and contributing to secure digital systems.

Internship Experience

Cybersecurity intern

Tanzania Investment Bank (TIB), July – September 2025

- Monitored internal network traffic for suspicious activities.
- Conducted vulnerability assessments and mitigation
- Checking, analyzing and updating new security features of organization system
- Collaborated with IT teams on security improvements

Tanzania Commercial Bank (TCB), July – September 2024

- Monitored internal network traffic to detect and assess threats.
- Participated in vulnerability assessments and implemented risk mitigation steps
- Applied tools such as Kali Linux, Wireshark, and Nmap in real-time security tasks.
- Gained exposure to incident response and enterprise-level security operations.

Skills

Technical Skills

- Network Security Monitoring
- Firewall and Antivirus Configuration
- Log Analysis
- Vulnerability Scanning & Basic Penetration Testing Technique.
- Tools: Kali Linux, Wireshark, Nmap, Binwalk, Exiftool

Soft & Professional Skills

- Problem-Solving
- Team Work & Communication
- Confidentiality & Ethics
- Adaptability & Fast Learning

Projects

Network Scanning & Enumeration (Nmap)

- Identified active hosts and open ports
- Analyzed vulnerabilities in network services
- Created structured scan reports

Packet Analysis (Wireshark)

- Captured and analyzed network traffic
- Detected suspicious patterns
- Filtered packets to identify threats

Digital Forensics & Steganography

- Extracted hidden data using Binwalk
- Analyzed metadata using ExifTool
- Verified file integrity after extraction

Vulnerability Assessment

- Scanned systems for weaknesses
- Evaluated risks and suggested mitigation
- Documented findings in reports

Education Background

- Bachelor of Science in Cybersecurity (Ongoing)
Institute of Finance and Management (IFM), 2023 – Present
- Advanced Certificate of Secondary Education (ACSEE)
Mbezi High School, 2021 – 2023
- Certificate of Secondary Education (CSEE)
Alpha High School, 2016 – 2020

Certifications

- CSEE (Certificate of Secondary Education)
- ACSEE (Advanced Certificate of Secondary Education)
- Bachelor of Cybersecurity (Ongoing)

Languages

- English (Fluent)
- Swahili (Native)
- French (Basic – fast learner)
- Sign Language (Basic level)
